21 Lewis Plaza Successfully Acquired for Client

We're thrilled to announce yet another successful commercial property acquisition! William Beichler and Lisa Brandes, two brokers on our winning team at Legacy Commercial Property Advisors, represented the buyer, CLIENT_NAME, in the \$6.9 million dollar purchase of 2424 E. 21st Street in midtown Tulsa, OK.

Adjacent to Monte Cassino Catholic School, St. John's Hospital, and the Utica Square Shopping Center, the 5-story, highly sought-after building contains a strong mix of medical and office tenants and will represent a powerful asset in our client's growing portfolio of high-performing properties.

While this and the many other victories we've helped our clients win are always exciting, we never take these achievements for granted. These fruitful acquisitions are made possible only by the trust our clients place in us, the teamwork we exercise to find and execute only the best deals, and the tenacity to never settle for anything less than our client's satisfaction, peace of mind, and success.

As part of the code that we live by at LCPA: Our client's success is our success. And if you're ready to take the next step in purchasing, selling, leasing, or investing in commercial real estate, we're ready to roll up our sleeves and get to work. Contact our team online or call us today at +1 (918) 438-9999.
