Successful Sale of 10,520 SF Medical Office Building in Broken Arrow, OK

Legacy Commercial Property Advisors is pleased to announce the successful sale of the medical office building at 4404-4416 W Houston St in Broken Arrow, Oklahoma.

Strategically located in the heart of a coveted submarket renowned for its vibrant community and growing economy, this 10,520 SF property is well maintained, provides great frontage and visibility to catch the eye of passersby, and offers plenty of parking for visitors and staff.

We had the privilege of representing the seller in this transaction, with Legacy's own Lisa Brandes, Jessica Reese, and Jonathan Cowan guiding the process.

Finding the right buyer and reaching a successful closing required a significant amount of dedication and time, but our team drew from their deep market knowledge and experience to connect the right buyer to the property. We greatly appreciate the patience the seller extended to us throughout the entire process as we sought to maximize their returns on this beautiful property.

Every victory we celebrate is made possible through the mutual trust we share with our clients, the tenacity to make sure the deal is done right, and the teamwork necessary to create the best outcomes.

Whether you are looking for results like this for your next purchase, sale, lease, or investment, our experts are here and ready to get to work. Contact Legacy Commercial Property Advisors at (918) 438-9999, message us online, or stop by our offices on S. Boulder Avenue in Tulsa to get started.
