**GRAYSON BERRYHILL** is a graduate of the University of Oklahoma, where he earned a Bachelor of Business Administration in Finance with an emphasis in Real Estate Finance. His passion for commercial real estate began early—growing up around family-owned commercial properties and spending summers working construction jobs helped lay the foundation for a strong understanding of how real estate is built, maintained, and managed from the ground up.

Before joining Legacy full-time, Grayson interned with the firm, gaining valuable experience in property research, market analysis, and client service. That internship, combined with manual labor work in his younger years, gave him a well-rounded perspective and deepened his practical knowledge of the industry.

Grayson is particularly drawn to the Industrial and Retail sectors, where he sees endless opportunities to add value and support the growth of Oklahoma's business communities. He's passionate about helping people invest in smart, strategic real estate decisions and is committed to guiding clients with clarity, honesty, and care.

Now as a full-time Associate at Legacy Commercial Property Advisors, Grayson looks forward to helping businesses and investors across the state thrive in well-positioned, thoughtfully developed commercial spaces.
