21 Lewis Plaza Successfully Acquired for Client

We're thrilled to announce another successful commercial property acquisition! William Beichler and Lisa Brandes, two brokers on our dedicated team at Legacy Commercial Property Advisors, represented the buyer, 10545 S Memorial, LLC, in the \$6.9 million dollar purchase of 21 Lewis Plaza, located at 2424 E. 21st Street in midtown Tulsa, OK.

Adjacent to Monte Cassino Catholic School, St. John's Hospital, and the Utica Square Shopping Center, the 5-story, highly sought-after building contains a strong mix of medical and office tenants and will represent a powerful asset in our client's growing portfolio of high-performing properties.

While this transaction and the many other deals we've helped our clients win are always exciting, we never take these achievements for granted. These fruitful acquisitions are made possible only by the trust our clients place in us, the teamwork we exercise to find and execute only the best deals, and the tenacity to never settle for anything less than our client's satisfaction, peace of mind, and success.

Our client's success is our success. If you're ready to take the next step in purchasing, selling, leasing, or investing in commercial real estate, we're ready to roll up our sleeves and get to work. Contact our team online or call us today at +1 (918) 438-9999.
